Hi Josh,

The entire Administrative Record will be available to the public through the Site Documents and Data tab on the Site Profile Page. Under that tab is a section for the Administrative Record Collections as shown below. There are already two Removal ARs for this site available to the public.

Hi Melinda and Diann,

Attached is the proposed plan for the Riverside SPP.

Quick question, how are other documents in the admin record made available to the public? Do they populate from SEMS into the document page in the SPP or do I need to tell you each one to put onto the SPP.

Thanks,

Josh
